

Rome, Italy | August 26-28, 2025

2025 12th International Conference on Civil and Urban Engineering

ICCUE 2025 is organized with support from Sapienza University of Rome, Italy and Beijing CAS Industrial Energy and Environment Technology Institute, with technical support of University of West London, UK and The Faringdon Research Centre for Non-Destructive Testing and Remote Sensing, UK.

The aim objective of the conference is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in the related field. This conference also provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration.
